SUBJECT: DOGS
DATE: February 2, 2009
ATTENTION: Dog owners

Ts'kw'aylaxw Administration office has received numerous complaints regarding dogs in the past few weeks, the most serious incident involved the mauling of a small dog which died as a result of its injuries. The complaints range from dogs roaming the reserves in packs to dogs acting out aggressively towards passersby, etc.

Ts'kw'aylaxw has been working on Bylaws regarding Domestic Animals but feel the seriousness of these incidents has prompted Chief and Council to implement the following:

- 1) No dogs permitted to be at large without a leash
- 2) All dogs must be either tied up or penned up.

If this notice is not adhered to and complaints continue to come into the band office, arrangements will be made to have SPCA attend to assist in the removal of the animal and any expenses will be charged to the owners.

Our utmost concern is that the incidents will escalate in nature with the possibility of injuring a child.

Questions or concerns regarding this notice can be directed to Robert Shintah, Political Chief @ 250-256-4204.

Sincerely,

TS'KW'AYLAXW

Robert Shintah
Political Chief
