Re: Mileage/P.O. to Lillooet Medical/Dental

To: Ts'kw'aylaxw Community Members

Ts'kw'aylaxw Health will no longer provide a Purchase Order for mileage to attend any appointments in the Lillooet/Ashcroft area, through the FNHA Medical Transportation.

The Patient Travel is specifically for specialist appointments to attend out of the town area. The FNHA Medical Transportation funding is to assist you to attend your specialist appointment(s).

We will be needing all confirmation of attendances of all specialist appointments that is attended, before you attend another appointment, we need your confirmation of your last appointment you attended, before we can issue you another Patient Travel. **(see attachment)** And if you are in need of an escort provided to your appointment, please have your doctor state on your appointment or fill out the form that is required for approval. **(see attachment)**

All of the specialist appointments have to be a referral by the local doctor's office, as well from the local dental office.

Any questions or concerns please call 250-256-1359 for the Health Director/Shonna Jacob.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shonna Jacob", written over a horizontal line.

Shonna Jacob/Health Director
